

Dear Parent/Guardian,

Because your child's first 4 years of life are so important, we want to help you provide the best start for your child. You've been asked to participate in an Ages & Stages Questionnaires (ASQ-3) and the Ages & Stages Questionnaires®: Social Emotional, Second Edition (ASQ:SE-2TM). These are online screeners to help you keep track of your child's development. You will be asked to answer questions about some things your child can and cannot do. The ASQ-3 questionnaire includes questions about your child's communication, gross motor, fine motor, problem solving, and personal social skills. The ASQ: SE2 questionnaire includes questions about your child's ability to calm down, take direction and follow rules, communicate, perform daily activities (e.g., eating, sleeping), act independently, demonstrate feelings, and interact with others.

These surveys in no way will affect your child's ability to participate in Preschool. The Kansas Department of Education is using the survey data to gain knowledge about how prepared children are for Preschool. It is our hope that this will help provide resources to early childhood learning. It is important that you complete **BOTH** surveys. (If you can not complete the ASQ: SE2, your child may be too young.) You may begin completing the surveys starting August 1st and they **must** be completed by September 20th. Computers will be set up to complete the surveys during Back to School Night.
